A rounded rim
to hug the shape of the lips and provide the highest level of comfort while drinking.

1. Large surface area for oxygen contact for perfect aeration of young wines

2. A unique aromatic chamber, wider than it is tall and bubble-shaped for less intense but subtler aroma perception.

Seamless
a delicate seemless stem

Extra Flat base
increased stability
reduced water retention

SENSATION EXALT
FLUTE 190ML
E7700
H:210 W:70

Fine rim 1.2mm
pleasant feel against the lips

Rounded upper section of the bowl
for a perfect concentration of the aromas

Fine bowl bare
no distorting 'magnifying' effect

Long stem
elegant, flowing lines

Flat base
stable, no depression in which water can gather after dishwashing

Thin and adapted rim

Narrow upper section of the bowl
to concentrate aromas and exalt the most subtle ones

Large oxygenation surface
like a wine tasting glass

Optomised effervescence
to stir and propel aromas to the surface thanks to a unique effervescence treatment

Slim leg
optimal slim stem and height for a strong visual impact

Flat & stable foot
no water retention in the dishwasher. Comfortable hold.

PRODUCT CARE

Dishwasher safe.
Place items carefully in the dishwasher, avoiding direct contact with other dishes and cups.

Alternatively, use warm soapy water or neutral dishwashing liquid for cleaning.

Do not wash with harsh abrasives- chemicals, brushes or scrubber pads - as this way may cause scratches.

Do not use strong acid or alkali cleaning.

Not recommended for use in the microwave and high temperature sterilizer. Avoid near the fire.

Dry naturally or with a soft cloth after hand wash. Recommended microfiber cloth, this will make the product remain shining.

Avoid stacking them - as this way may cause scratches

NOVA NEW BONE crockery is an elegant range of classic dining ware. Crafted with meticulous attention to detail. The range delivers a delicate translucency and durability combined with a smooth and luxurious feel. It has a high tolerance to temperatures and material features that increases strength allowing for greater resistance without compromising on thin and delicate rims.

With NOVA NEW BONE, dining is transcended to extraordinary experiences, offering a harmonious blend of sophistication and reliability. Each piece is a testament of uncompromising quality and design excellence, catering to the discerning tastes of all modern hoteliers alike.

Whether it's an intimate event or a lavish banquet, NOVA NEW BONE sets every occasion with understated elegance.

Embrace the future of fine dining with NOVA NEW BONE – where tradition meets innovation, and authenticity meets elegance, ensuring a dining experience that's glamorous and timeless.

Innovative Printing
SINCE 1972

With a passion for branding we can ensure you that our branding techniques will meet your brand requirements. Our hands-on craftmanship offers our customers **THE BEST BRANDING SOLUTIONS!**

BRAND IT

World trends indicate that branded glass and ceramic is one of the most effective marketing tools to promote and establish a brand - and we have 47 years' experience in the glass and ceramic decorating processes. With a passion for branding we can ensure that our branding techniques will meet your brand requirements. Our hands on craftsmanship offer our customers the best branding solutions.

GET YOUR QUOTATION TODAY!

NO UV PRINTING

INNOVATIVE TECHNOLOGY

- High-end decoration quality
- Dishwasher safe
- Environmentally friendly
- New possibilities in decoratating designs

PRINT QUALITY

- Kiln firing guarantees that our prints are durable and scratch / fade resistant.

VARIETY OF COLOURS

- a wide range of colours enables almost perfect colour matching on glass and ceramic.

PERSONALIZATION

- implementation of different or additional design on same product.
- small to large runs

DIRECT PRINTING AND APPLICATION

DIRECT PRINTING

DIRECT PRINTING:
Silkscreen printing machines apply the ink directly onto the product. With direct printing, up to 6 different colours are possible. This process is recommended for large quantities, that need a quick turnaround time and prices well for price sensitive budgets.

BENIFITS OF DECAL PRINTING

- Permanent branding process
- Branding is dishwasher safe
- Scratch and fade resistant
- Branding lasts a lifetime
- Can do multiple colours
- You can brand any shape of ceramic
- High volumes are well priced

KILN FIRED

KILN FIRED:
To date kiln firing processes are the best standard for durability and non-fading printing verses other industry printing options. We do not use UV inks due to the limitations on durability.

CERAMIC DECAL PRINTING is the most popular process and is to date the best industry standard for durability and non-fading versus other industry products.

CERAMIC SUBLIMATION MUG PRINTING

SUBLIMATION

SUBLIMATION MUG PRINTING:
Sublimation is a very simple but highly cost effective process to professionally apply an image onto the surface of ceramics mugs. This process creates high definition logos with multi colours and half tones - with photo quality results.

BENIFITS OF SUBLIMATION PRINTING

- Great for small quantities
- Quick turnaround times
- Photo quality printing
- Standard costing
- Low setup up fees
- Cost effective

CLEANING INSTRUCTIONS

Use warm water and soap to wipe the surface with a damp cloth and dry immediately.

Do not submerge or soak in water.
Not dishwasher safe.

Don't expose to high heat or UV light.

Sango HOSPITALITY

LAVA

WHY LAVA, WHY CAST IRON?

Enamelled cast iron cookware is more durable, safer and easier to clean. It won't rust and is non-stick. LAVA's highest quality liquid enamelled coated cast iron cookware range doesn't need seasoning whereas traditional cast irons need to be seasoned before cooking.

QUALITY

LAVA Enameled Cast Iron Cookware are produced with non-cancerogenic 100% recyclable materials and comply with international standards, including:

- RoHS, REACH Certification: non hazardous materials like lead or cadmium
- In Compliance with LFGB - German Standards; with FDA - American Standards; with 84/500/EEC - European Standards
- Internally tested for Cold Citric Acid, Boiling Citric Acid, Water Vapor, Boiling Water, Thermal Shock, and Detergent Solutions
- CE: Declaration of Conformity
- IS0 9001

WEIGHT

The heaviness of LAVA Enameled Cast Iron Cookware is the secret ingredient to delicious recipes! Designed with thick bases, LAVA Enameled Cast Iron Cookware have high heat-retaining qualities and distribute heat evenly across their surface. As a result, LAVA Enameled Cast Iron Cookware offer a perfect formula for hearty slow - cooked meals, deliciously sealed barbecues, and Cook&Serve solutions to keep delicacies warm throughout hours of conversations.

ELEGANT DESIGNS, DAZZLING COLORS

Create your own theme by mixing and matching different colours within the products range, there is a LAVA set for everyone!

LAVA Enameled Cast Iron Cookware are suitable for any heat source, except for the microwave. Dishwasher-safe.

EXCELLENT HEAT - RETENTION

LAVA Enameled Cast Iron Cookware "keep warm, warm; cold, cold." As LAVA Enameled Cast Iron Cookware conserve heat for an extended period, you can enjoy long hours over skillets

perfect for sharing or treat yourself to refreshing ice cream in mini casseroles. In addition, thanks to LAVA Enameled Cast Iron Cookware's high heat-retaining qualities and high overheating point, you can even up your presentations by continuing cooking at the table with serving dishes.

ADDS TASTE TO COOKING

No other cookware materials can make food taste better than cast iron cooking. LAVA enamelled cast iron pots and pans have 5mm thick base are made to meet equal cooking heating

degree within the whole surface which also keep all the goodness of the nutrition's of the food to create culinary dishes for you to serve.

COPPER CARING & CLEANING

AFTER EACH USE, REMOVE ANY FOOD RESIDUE BEFORE WASHING.

HANDWASHING

- Handwashing remains preferable and is advised to maintain the copper shine.
- When washing the barware by hand, use hot water, neutral detergent and gently wash with a soft sponge or cloth.
- Do not wash your barware with any steel or hard brushes as this may scratch the barware.
- Avoid bleach detergents and the use of sodium when washing the barware.
- Don't leave your barware soaking. After washing, dry immediately with a soft dry cloth.

DISHWASHING

- When washing the barware in the dishwasher, avoid using abrasive detergents.
- We recommend using dishwashing programs with a low temperature of 40°C or less.
- Do not wash your barware with other lower steel quality like cutlery, knives, or utensils. This may cause a chemical reaction that will leave marks on the barware.
- After the dishwashing cycle, remove the barware immediately and wipe off any water spots with a soft dry cloth.

NSF Certified,meet health and safety standards, Dishwasher Safe and SteriShield®Anti-Bacterial protection available.

Safe Touch:

Ergonomic,Slip Resistant with Derlin®,DuPONT®resin. Seamless Design on Handle.

KNIVES NSF

What makes a good knife?

SHARPNESS: Most important is how well it's blade will take & hold an edge.

DURABILITY: A good knife will stand up to generations of daily use without undue wear or deterioration.

HYGIENE: Materials & construction details of the handle should minimise crevices that offer hospitality to bacteria.

WHY COLOUR CODE YOUR KITCHEN?

The aim of a Colour Coding system is to prevent cross contamination between different areas in the kitchen as well as different food types. It is vital that a system forms part of an employee training programme.

The Colour Coding of knives & chopping boards is a simple but important step that will make a large contribution to hygiene standards & the elimination of cross infection.

PUREE

Gastronomy professionals are searching for glasses that satisfy their needs in terms of perfection and sophistication. Their desire: Splendidly elegant table settings with fine, lightweight, extremely transparent products. Their professional needs: Intensive daily use requires products that are highly resistant to shocks and detergents. To meet these **twin challenges of aesthetic excellence and resistance,** The Arc Research Centre is introducing a new generation of lead-free crystal: **Krysta: The high-performance crystal glass.**

THE SHAPE of the side of the glass determines the balance of tastes in one's mouth. When the top of the glass opens outwards or is a more closed-in rim it effects the tilting of your head when drinking which would direct the liquid to different sets of taste buds.

THE SIZE of a glass is a factor in one's perception of a wine's various aromatic layers. One's nose must be able to take in a bouquet's full diversity.

Krysta
EXTRA STRONG
CRYSTAL
GLASS

Superior Strength

SUPERIOR STRENGTH

- **Savings across the entire chain: fewer breakages and chipping during transportation, storage, washing and polishing.**

Complete Transparency

COMPLETE TRANSPARENCY

- **Tables enhanced by the sparkle of Krysta.**
- **The robe of every wine respected to perfection.**

Perfect Acoustics

PERFECT ACOUSTICS

- **The allure of Krysta: A unique shine coupled with a distinct sound for a refined sensory experience.**

Long-LastIn Brilliance

LONGLASTING BRILLIANCE

- **Glasses that bring a special brilliance to your tables.**
- **Dinner services with lasting sparkle that you will be using for a long time.**

EFFERVESCENCE PLUS

Effervescence Plus is a technology that develops an even delicate effervescence, delighting the eyes and taste buds alike.

SHEER RIM TECHNOLOGY

The Chef & Sommelier ® glasses have an extremely fine rim in order to have an optimal comfort during tasting, while keeping an incomparable resistance thanks to the Kwarx ® material.

SOUFFLE BOUCHE

The decanters are blown by hand. It makes the product range transcendent.

Drop Control

Drop Control is used on the neck of carafes to prevent drips and it makes wine service more accurate. Drop Control is totally unnoticeable and doesn't change the quality of wines at all.

All the Chef & Sommelier ® glasses and decanters can be recycled.

ARCOROC
EVERYDAY PROOF

Arcoroc ®: *The tableware reference for the food service industry.*

In order to satisfy the safety requirements and financial constraints of cost-centres and profit-centred catering industry professionals, Arcoroc ® offers an extensive range of innovative, functional, high-quality products. Drinkware, dinnerware and flatware collections are available in a selection of materials to suit a variety of tableware concepts (cocktail, dessert, aperitifs, barware, hot beverages, table decoration etc.), ensuring that there is a product to suit your every need.

EXTRA RESISTANT FULLY TEMPERED GLASS | HIGH TRANSPARENCY PURITY CERTIFIED GLASS | EXTRA SHOCK RESISTANT SAN PLASTIC | HIGH RESISTANCE OPAL GLASS | ZENIX FINE QUALITY HIGH RESISTANCE | EXTRA STRONG PORCELAIN | HIGH QUALITY STAINLESS STEEL

EXTRA RESISTANT FULLY TEMPERED GLASS = HIGH SHOCK RESISTANCE + Δ130°C THERMAL SHOCK RESISTANT + GLASS SAFETY

SHOCK RESISTANT:
Savings in terms of budget and restocking costs: a tempered glass can be up to 5 times more resistant than an item that has not undergone any specific treatment process.

THERMAL SHOCK RESISTANT:
Tempered products are resistant to variations in temperature of 135°C: they can thus be removed from the oven (or from a salamander) and placed directly in cold water without the risk of breakage.

GLASS SAFETY:
Completely safe for table service: when a shock or series of shocks manages to rupture the exterior shell of the tempered glass, the resulting glass shards are not sharp to the touch.

SHEER RIM — With it's very thin rim, glasses convey the subtlety of the taste and of the aromas.

EFFERVESCENCE PLUS — Effervescence Plus is a technology that develops an even delicate effervescence, delighting the eyes and taste buds alike.

DISHWASHER safe — These items are compatible with intensive dishwashing.

PERFECTLY STACKABLE — Items especially designed to be stackable.

Overview of our new NOVA CRAFT ranges:

STITCH WHITE STITCH BRAUN

STITCH: The distinct Stitch range interlaces sensory experiences of both touch and sight that celebrates glamorous plating detail and the allure of elegant lines. From worldly fine dining to busy banqueting, classic style is always chic.

RAIN BLACK RAIN GREY RAIN WHITE

RAIN: Modern dining with textured richness and classic colour tones. A range that allows for food presentation and creativity whilst delivering style with a blend of classic and contemporary shapes for the demanding hospitality environment.

COSMIC RUST COSMIC METAL COSMIC BLUE

COSMIC: A captivating cosmic crockery range transporting dining to the celestial realm with its extraordinary design tones. Each item promises to infuse dishes with an unparalleled sense of wonder and style, elevating dining experiences to cosmic heights.

MEZZO BLACK MEZZO BLUE

MEZZO: Drawing inspiration from mixed and contemporary sharing, Mezzo creates a relaxed yet sophisticated atmosphere. The textured finishes adds urban charm blending with busy modern settings. The range is perfect for sharing culinary delights and small plated tapas, leaving a lasting food impression.

EARTH SAGE EARTH MOCHA EARTH LIMESTONE

EARTH: Where the goodness of food meets the essence of nature. Inspired by bountiful harvests and remembering farm-to-table authenticity. Earth brings the joy of shared meals and embodies the rustic beauty of natural colours. Each piece draws inspiration from natural shapes, adding a touch of organic comfort to your table.

FRESCO YELLOW FRESCO GREEN

FRESCO: A novelty range to bring a touch of freshness to light eating. The intermixable palette of pastel pieces compliments vibrant food colours and tranquil moods. Simplicity creating a relaxed dining feel with aesthetic appeal.

REVEAL BLACK REVEAL WHITE

REVEAL: Introducing an innovative crockery range designed to inspire culinary creativity. With sleek pieces featuring organic and matt textures, chefs are offered an excellent canvas to turn every dish into a work of art.

Royalex®

Royalex presents the collection Leona HRC! Its specifically manufactured for the hotel, restaurant and catering industry. And our glassware always fit for purpose. Its strong, durable, practical and elegant.

In the heart of Europe lies Bohemia, a historical region that now forms a significant part of the Czech Republic. For generations, Bohemian glass has been revered as one of Europe's most cherished luxury products.

Bohemian Maison Forine's glass is more than just beautiful objects; it embodies quality, design, and tradition. Distinguished by its careful selection of materials, use of modern technologies, as well as long-term production experience, the Maison Forine™ brand is a guarantee of premium crystal glass.

VICRILLA COLLECTION

131 years of glassmaking excellence

VICRILA

RIM TO FOOT TEMPERED "T"
Fully tempered glasses are resistant to mechanical shocks, extending the life of the product up to five times, compared with annealed glass ranges.

THERMAL RESISTANCE
Thermal shock tested and resistant to 135°C and can withstand changes in temperature from hot to cold.

LINED & CE MEASURE (LCE)
VICRILA hold an official UK government NWL (National Weights and Measures Laboratory) Certificate.

DISHWASHER & MICROWARE SAFE
Strong and durable, shock tested and capable of industrial dishwasher cycles, while maintaining clarity.

SAFETY
Should a glass break due to an excessive blow, a tempered glass will break into small pieces than an annealed glass.
